

*****SEEDLINGS AVAILABLE THIS YEAR*****

All are native to Pennsylvania

AM. CRANBERRY BUSH VIBURNUM

A deciduous shrub, growing 8 to 12 feet with a spread to 8 to 12 feet. White flowers, in clusters in May. Bright red berries early September through fall into February, which provide food for birds. People used to make jelly from the berries. Use as a screen or a background plant, space 4 feet apart. A good wetland plant. Seedlings 8-12 inches. **6 per package, \$8.00 per package.**

RED OAK

Native tree growing 60 to 70 feet with equal spread. Leaves hang on long into fall and early winter. A good yard tree because of its fast growth and tolerance for harsh conditions like road salt and ozone. Also a valuable timber tree.

2Yr. Seedlings 8-16 inches. **6 per package, \$8.00 per package.**

RED MAPLE

Handsome tree growing to 60 feet. Develops a round head of green leaves with silver underneath. Turns a brilliant crimson in the fall. Grows well in most types for soil conditions, excellent landscape tree. Seedlings 12-24 inches. **6 per package, \$8.00 per package.**

YELLOW BUCKEYE

Also known as Sweet Buckeye. Medium fast, oval upright growth to a height of 50 to 75 feet. Spread 30 to 50 feet. The showy, yellow flowers are produced on 6 inch long, upright panicles in April or May. The flowers are followed by the showy, inedible fruit. When ripe, each nut turns red brown with a whitish basal scar. Seedlings 3-6 inches. **6 per package, \$8.00 per package.**

RIVER BIRCH

Open pyramidal growth to 90 feet. Fall color is yellow. The bark is variable, usually dark gray-brown and scaly, but can be smooth and creamy pinkish-white exfoliating in curly papery sheets. This paper thin bark peels in the winter. An excellent tree for low, swampy areas. Seedlings 10-20 inches. **6 per package, \$8.00 per package**

SILKY DOGWOOD

Native to northeastern U.S. Shrub form of the dogwood tree. Grows to 12 feet. Dense foliage turns scarlet in fall with pale blue berry clusters. Excellent wildlife tree for both food and cover. Should be planted in well-drained soil. Seedlings 8-16 inches. **6 per package, \$8.00 per package**

GREEN ASH

Native to northeastern US, fast growing to 60 feet. Will grow in a variety of condition. Used as a landscape and wildlife cover tree. Seedlings 18-30 inches. **6 per package, \$8.00 per package.**

EASTERN WHITE PINE

Fast growing to 100 feet. A fine needled pine with soft light green/blue 4 inch needles. Grows in a wide range of conditions from dry and rocky to wet and swampy. Excellent ornamental and forms a dense screen. Seedlings 5-10 inches. **8 seedling per package, \$8.00 per package.**

*****BLUEBIRD NESTING BOX*****

EASTERN BLUEBIRD NESTING BOX

Constructed from kiln dried inland red cedar. Features: 7/8 inch predator guard, overhanging roof with ventilation, back cover to stop rain seepage, bottom slots for drainage, easy open front for monitoring and cleaning, exit. Place in open area with scattered trees. Size: 7.25" X 9.25" X 12"; hole size: 1.5 inches.

*****FRUIT TREES*****

APPLE – GRANNY SMITH

A late, green, tart apple maturing in early November. Develops a red blush in the Northeast. High quality eating apple with an excellent storage life. 1/2 to 5/8 inches in diameter on Bud 9 rootstock, 4-6 feet tall. **1/\$15.00**

APPLE – ARKANSAS BLACK

Very late maturing Winesap-type variety. Fruit is dark red, very firm with a tart flavor. Good wildlife tree, widely planted in the southeast. Matures mid November. This is a full sized tree to 35 feet on EMLA 111 rootstock. 1/2 to 5/8 inches in diameter, 4-6 feet tall. **1/\$15.00**

APPLE – ROYAL COURT

Royal Court is an improved strain of Cortland coloring to a solid blush. This selection has now been fruited by many growers in the Northeast, and is considered superior to all other Cortland strains. On EMLA 111 rootstock. Matures mid-Sept. 1/2 to 3/4 inches in diameter, 4-6 feet tall. **1/\$15.00**

CHERRY – HEDELFINGEN

A large, firm fleshed, dark red, late sweet cherry. Fruit is resistant to cracking. Tree is early-bearing (2 to 3 years), very productive and hardy. Fruit ready in early July. 5/8 to 3/4 inches in diameter, 4-6 feet tall. **1/\$15.00**

PEACH – CRESTHEAVEN

Fruit is very firm, highly colored, yellow fleshed and freestone. Tree is productive and very winter hardy. 1/2 to 5/8 inches in diameter, 4-5 feet tall. **1/\$15.00**

PEAR – GOLDEN RUSSET BOSCH

A large russeted pear with white flesh and a rich delicious flavor. A standard fresh market variety. Tree is a slow grower but very productive. Ripens late September. 1/2 to 5/8 inches in diameter, 4-6 feet tall. **1/\$15.00**

PLUM – FORTUNE

A Japanese-type plum maturing in late August/early September. Fruit is medium to large, reddish-purple and very firm with yellow flesh. The trees are upright and vigorous. 1/2 to 5/8 inches in diameter, 4-5 feet tall. **1/\$15.00**
